Web Announcement 2494

Attention Provider Type 22 (Dental Providers): COVID-19 Vaccination Administration Claim Reimbursement Guide for Dental Providers

The Centers for Medicare & Medicaid Services (CMS) and the Governor's Emergency Directive 011 allows dentists and dental hygienists (under the supervision of a dentist) to vaccinate patients in an office setting.

The COVID-19 vaccine is covered by Nevada Medicaid as a preventative services medical benefit and not a dental benefit. The COVID-19 vaccine will be provided at no-cost to providers by the federal government and will be distributed through the current federal distribution process.

Nevada Medicaid has developed a COVID-19 Vaccination Administration Claim Reimbursement Guide for dental providers. This billing guide will be updated as new information becomes available. All billing guidelines, including the new guide for dental providers, can be found at: <https://www.medicaid.nv.gov/providers/BillingInfo.aspx>.

Please continue to watch for new COVID-19 Web Announcements at: <https://www.medicaid.nv.gov>. These Web Announcements can be sorted by category including COVID-19.
